

Sustainability

Certifications

LEED v4

LEED v4 (Leadership in Energy and Environmental Design) is the newest version of the LEED green building –and this version is more specialized and designed for a better user experience.

FSC®

FSC® (The Forest Stewardship Council®) promotes responsible management of the world's forests by setting standards on forest products, along with certifying and labelling them as eco-friendly.

The mark of responsible forestry

EPDs

An EPD® (Environmental Product Declaration) is an independently verified and registered document that communicates transparent and comparable information about the life-cycle environmental impact of products.

ASTM INTERNATIONAL

AMBICO has a course called Acoustic Doors and Green Design that covers LEED v4 and has achieved GBCI certification, as well as being designated HSW and Sustainable Design.
